MO Signia Model Portfolio

A research-driven flexi-cap portfolio built on Motilal Oswal's proven QGLP philosophy, designed to identify high-quality businesses with sustainable growth potential.

The strategy blends the stability of large-cap leaders with select high-growth mid and small-cap opportunities.

Key Features

Balanced Allocation
50-70% in stable large caps and 30-50% in high-growth mid & small caps.

Research-Backed Stock Selection
Built from Motilal Oswal's institutional research coverage of 350+ companies.

Quality-Focused Investing
Preference for businesses with strong governance, durable advantages and sustainable cash flows.

Concentrated Portfolio
Up to 25 carefully selected stocks, typically with 4-5% allocation each.

Our Investment Edge

Universe
Drawn from Motilal Oswal's institutional research universe of 350+ companies, ensuring only thoroughly researched ideas make the cut.

Process
Driven by the QGLP philosophy- Quality, Growth, Longevity and Price, identifying businesses with durable models, strong balance sheets and long-term earnings visibility.
