MO Signature Model Portfolio

MO Signature Model Portfolio is a flexi-cap portfolio of 20 carefully chosen stocks—equally weighted across large, mid, and small caps. Every stock is handpicked from Motilal Oswal's extensive research universe of 330+ companies, making this portfolio a blend of stability and growth potential.

Key Features

20 High-Conviction Stocks: 5% weightage to each stock, with equal allocation across large, mid, and small-cap segments.

Research-Backed Selection: Drawn from 330+ covered research companies, focusing on robust fundamentals.

Sector-Wise Diversification: Capturing opportunities while balancing risk and return.

Growth + Stability: Built to deliver performance with long-term consistency.

Our Investment Edge

Universe
330+ Motilal Oswal research covered companies

Process
Guided by the proven QGLP philosophy (Quality, Growth, Longevity, Price). Businesses with strong models, healthy balance sheets, and growth potential are shortlisted. Diversification across key sectors ensures stability.

Strategy
Fundamental research is combined with real-time market insights; earnings, news flow, and events to spot timely opportunities.
